

Patient: Bella

Species: Dog

Breed: Golden Retriever

Age: 3 years

Owner: John Smith

Visit Date: April 10, 2023

Notes:

Bella was brought in today for her annual check-up. No significant issues reported by the owner.

Vaccinations administered: Rabies and Distemper.

The patient also received flea and tick preventative treatment (Frontline).

General physical exam revealed no abnormalities. Bella's weight is stable at 65 lbs.

Owner mentioned occasional scratching, but no visible signs of irritation or infection were found.

Advised to monitor for any changes. Recommended next check-up in one year.

Invoice Summary:

- Rabies vaccination: \$50
- Distemper vaccination: \$45
- Flea and tick treatment: \$35
- General check-up: \$75

Total: \$205

Veterinarian: Dr. Susan Taylor
