

Patient: Oliver

Species: Cat

Breed: Maine Coon

Age: 7 years

Owner: Laura Thompson

Visit Date: September 1, 2023

Oliver came in for a dental cleaning today. Upon physical exam, noticed that Oliver's weight had increased by 2 lbs since the last visit. Discussed weight management strategies with the owner, including portion control and increasing playtime. Dental cleaning was performed, and one tooth was extracted due to a cavity. Advised follow-up in 6 months for weight check and dental health monitoring.

Procedures:

- Dental cleaning: \$150*
- Tooth extraction: \$75*

Total: \$225

Veterinarian: Dr. Angela Patel
